## Acknowledgements

The Southern Rolling Plains Research and Demonstration Farm (est. 2024) is enabled by the direct support of the Southern Rolling Plains Cotton Growers Association, and with the cooperation of SRPCGA, Wall ISD, the Texas A&M AgriLife Extension Service, and Texas A&M AgriLife Research.

The authors would like to acknowledge the following organizations for supporting many of these projects, as well as numerous industry partners.

Further, this work would not have been possible without the personnel who made critical contributions to these projects in 2025: Camille Carey, Lizzie Scales, Jonah Pace, Sam Roberts, Nicole Nielsen, Boone Harris, and Gage Hendrikson, and the County Extension Agents who helped coordinate on-farm collaborations across the region.
